

**WE SAVED *the Best* FOR LAST!**

**2024 STAGE I, II, AND THE  
427 C.I.D. 1500 HP STAGE III**

**YENKO/SC<sup>®</sup> CAMARO**

*Our Most Powerful Camaros Yet!*

**WARNING: This vehicle produces excessive amounts of horsepower. Horsepower is addictive and can cause heart palpitations, feelings of exhilaration and euphoria.**

# *The Ultimate* Camaro Experience

For more than **30** years, Specialty Vehicle Engineering has been a Second Stage Vehicle Manufacturer and Tier One Supplier to GM and its dealers, having built over **65,000** cars, trucks, and SUV specialty vehicles; making us the **#1** GM Specialty Vehicle Manufacturer in the USA! That's why our company was chosen as the exclusive vehicle builder of all the current generation YENKO® Supercars.

Based off the SS 1LE with an automatic (Stage I only) or manual transmission, the 2024 YENKO/SC® 1150HP Stage I, 1200HP Stage II, and 1500HP Stage III Camaros include all of the great performance

features the 1LE offers, to properly balance the awesome power of the supercharged engine. Features like Magnetic Ride Control, Electronic Limited-Slip Differential, Performance-Tuned suspension with

**e...**

**HIGH-WING SPOILER SHOWN ONLY AVAILABLE  
ON STAGE III MODELS.**

unique bushings, springs and stabilizer bars, and heavy-duty cooling system including engine oil cooler, dual outboard radiators, transmission cooler and rear differential cooler. The functional 1LE front splitter

helps reduce nose lift and the rear spoiler keeps the rear end firmly planted on the race track. The 1LE also features Recaro Performance seats that keep you planted in position.

# STAGE III Our Most Powerful

Our powerhouse engine delivers **1150HP** with 910 lb.-ft. of torque (Stage I), **1200HP** with 1000 lb.-ft. of torque (Stage II) and features a machined and blueprinted LT-1 aluminum block. The 427 C.I.D. Stage III delivers **1500HP\*** with 1280 lb.-ft. of torque and utilizes GM's 6.6 liter iron block that is bored and stroked. All engines include a computer-balanced race-quality rotating assembly, forged 4340 steel crankshaft, forged H-beam steel rods (Stage I and II), forged pro series I-beam rods (Stage III) forged aluminum pistons, CNC ported high-flow LT-4 cylinder heads with high lift springs, upgraded valvetrain (stage III), ARP high-strength head and main studs, custom supercharger with a 10-rib dedicated belt drive system utilizing an upgraded fuel system and injectors, a larger throttle body, and custom stainless steel exhaust system.

*\*NOTE: 1500HP is achieved using Sunoco 260GT plus race fuel. Lower power numbers are to be expected if using 91 or 93 octane gasoline.*

To maximize engine performance, there is no substitute for cubic inches or supercharging. That's why Specialty Vehicle Engineering developed its own supercharged custom-built 416 C.I.D. (6.8L) engine, based on the production 6.2 Liter LT-1 Engine, that's included in our 2024 Yenko Stage I and II Camaros. We pushed the envelope even further with the new Stage III Camaro utilizing a new 427 C.I.D. (7.0L) powerplant. These limited edition 2024 Yenko/SC<sup>®</sup> supercars are available exclusively through GM dealers throughout the USA and Canada.

***YENKO<sup>®</sup> Camaro Yet!***

Looks *Fast* Standing

# Still!

STAGE I 1150HP YENKO/SC® CAMARO SHOWN

The 2024 YENKO/SC® Camaro's unique appearance will get everyone's attention instantly. The exciting YENKO® side stripes make a dramatic statement, along with the body color painted carbon fiber hood with exposed carbon fiber hood scoop that blends perfectly with the lines of the Camaro. 1150HP, 1200HP, or 1500HP badges on the raised hood scoop cowl and decklid spoiler will make the competition think twice.

The limited edition 2024 YENKO/SC® Stage II and Stage III Camaro is only available in coupe with a manual transmission for optimal race track performance while the Stage I Camaro is only available in coupe with an automatic transmission for those racers who prefer not to use a clutch. **ONLY 50 EACH OF THE 2024 YENKO/SC® STAGE I, II, AND 100 STAGE III CAMAROS WILL BE BUILT.**

# *Appearance* is in the Details

In addition to its awesome horsepower, the 2024 YENKO/SC® Camaros include many unique interior and exterior features that set them apart from the stock Camaro. Features like the body color painted carbon fiber hood with exposed carbon fiber hood scoop, OE-quality 1150HP, 1200HP, or 1500HP hood cowl badges, YENKO® crest badges and unique side stripes give the exterior an instantly recognizable appearance. The interior also displays the YENKO® trademark with embroidered floormats, headrest logos and a YENKO® crest power badge.

Body color painted carbon fiber hood with exposed carbon fiber scoop.

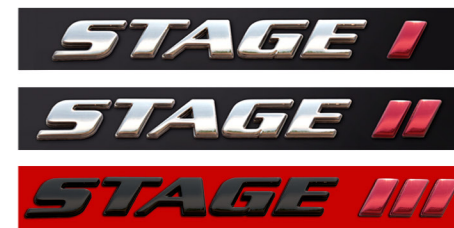

High-polished, dual dual stainless steel exhaust tips.

YENKO/SC® body side stripes.

STAGE III

# 2024 1150HP STAGE I, 1200HP STAGE II, AND 1500HP STAGE III CAMARO CONTENT

## PERFORMANCE UPGRADES

### STAGE I (1150HP\*), STAGE II (1200HP\*) ENGINE

- Custom-built 416 C.I.D. (6.8L) LT-1 engine w/aluminum block, race-quality forged 4340 steel crankshaft and H-beam rods, forged aluminum pistons, CNC ported high-flow LT4 cylinder heads, upgraded fuel system and injectors, with ARP high strength head and main studs, high-output custom supercharger in black (custom colors optional), 10-rib dedicated belt drive system, larger throttle body, higher capacity high and low pressure fuel system, 1150HP, 1200HP Supercharged badges.

\*Max horsepower at the flywheel using STP correction factors, ambient temperature of 60 degrees fahrenheit at sea level on 93 octane pump gas.

### STAGE III (1500HP\*<sup>1</sup>) 427 C.I.D. 7.0L ENGINE

- 427 C.I.D. engine w/iron block includes above features plus upgraded valvetrain, pro series forged 4340 crankshaft, pro series I-beam rods, upgraded induction system, high capacity triple disc clutch and lightened flywheel, and 1500HP Supercharged badges.

\*Max horsepower at the flywheel using STP correction factors, ambient temperature of 60 degrees fahrenheit at sea level on Sunoco 260GT plus race fuel. Lower power numbers are to be expected if using 91 or 93 octane gasoline.

<sup>1</sup> Stage III utilizes GM's new 6.6 liter iron block to get 7.0L C.I.D.

- Custom performance calibration.
- Boost-By-Wire<sup>®</sup> Control system for full variable boost control.
- **OPTIONAL** high capacity triple disc clutch and lightened flywheel for Stage II

### EXHAUST

- Custom stainless steel exhaust system with dual-mode function

### BRAKES

- YENKO<sup>®</sup> badged brake calipers in standard red (custom colors optional).

### WHEELS

- Forged light-weight multi-spoke aluminum wheels available in 2 finishes (brushed aluminum, matte black) with silver sYc centercap logo graphics. Custom sYc centercap logo colors optional.
- **OPTIONAL** red line stripe for matte black finish wheels.

### TIRES

- Nitto 285/30ZR20 front and 305/30ZR20 rear performance race tires.

## EXTERIOR UPGRADES

- YENKO/SC<sup>®</sup> side stripe and hood scoop cowl graphics available in 9 colors plus carbon fiber (carbon fiber and custom colors optional).

#### AVAILABLE STRIPE COLORS

- Body color painted carbon fiber hood with exposed carbon fiber hood scoop and sYc<sup>®</sup> logo.
- High-wing rear spoiler in carbon fiber (Stage III only)
- YENKO<sup>®</sup> Crest exterior body badges (4) for front grille, fenders, rear panel.
- 1150HP, 1200HP, or 1500HP hood cowl badges in chrome/red or gloss black/red.
- Stage I, Stage II, or Stage III spoiler badges in chrome/red or gloss black/red.
- **OPTIONAL** YENKO/SC<sup>®</sup> high-gloss carbon fiber hood scoop and side stripe graphics.
- **OPTIONAL** sYc centercap logo colors in body color match, side stripe match, or custom color.

## INTERIOR UPGRADES

- YENKO<sup>®</sup> Crest 1150HP, 1200HP, or 1500HP Supercharged power badge with vehicle build number (1-50 or 1-100 for Stage III).
- YENKO<sup>®</sup> Crest Supercharged embroidered front floor mats.
- sYc embroidered stock front seat headrests in white (custom colors optional).
- YENKO/SC<sup>®</sup> doorsill plates.

## ACCESSORIES

- YENKO<sup>®</sup> Crest 1150HP, 1200HP, or 1500HP Supercharged key fobs (2) with vehicle build number (1-50 or 1-100 for Stage III).
- YENKO<sup>®</sup> Crest embroidered portfolio, owner's manual, window sticker, manufacturer's certificate of origin.

## WARRANTY

- 3 year/36,000 mile (60,000 kilometer) engine and supercharger assembly limited warranty.
- 3 year/36,000 mile (60,000 kilometer) non-powertrain component limited warranty.

The YENKO/SC<sup>®</sup> Stage I, Stage II, and Stage III Camaro packages are not emission legal in California, and can only be legally used while participating in sanctioned motorsports events.
